

Parallel Solutions Inc. Merchant Account Manual

How It Works: Global Merchant Network

Empower, Connect, Innovate

Parallel Solutions Inc. revolutionizes the gift card industry by providing a comprehensive platform that merges open-loop gift cards, e-wallets, and merchant accounts into one single portal. This unified approach simplifies access to financial services for merchants and consumers alike.

AI-Powered Mobile Application: Your Virtual Assistant

Parallel Solutions Inc. is developing an innovative mobile application featuring an AI assistant that can handle a wide range of tasks, making it a virtual assistant for users. Here are some of its key capabilities:

- **Personalized Recommendations:** Based on user preferences and purchase history, the AI assistant can suggest local stores and brands.
- **Travel Planning:** The AI can:
 - **Book Flights:** Find and book flights for any destination.
 - **Reserve Hotels:** Secure hotel accommodations according to user preferences.
 - **Reserve Restaurants:** Recommend and book tables at local restaurants.
 - **Suggest Date Ideas:** Offer creative suggestions for date nights and activities.
 - **Comprehensive Assistance:** Perform tasks such as booking activities, providing local insights, and ensuring a seamless travel experience.

Services Provided

1. **Gift Card Recharge:** Easily recharge your gift card so it can be used again, offering convenience and flexibility.
2. **Call Center and AI Unit:** Provide customer support through a combination of call centers and AI-driven assistance.
3. **Data Gathering & Consumer Profile Analysis:**
 - **Geofencing:** Utilize geofencing technology to gather precise location-based data.
 - **Consumer Reports:** Track detailed consumer behavior and purchasing patterns.
 - **AI Integration:** Connect consumer profiles with AI to generate personalized recommendations.
 - **Local Recommendations:** Suggest local brands or stores based on the consumer's purchasing history and geofencing data.

Marketing Plan for Our Customers

- Real-Time Offers: Use geofencing data to send real-time offers to customers when they are near your store.
- Enhanced Customer Loyalty: Foster customer loyalty by offering personalized deals and rewards based on their purchasing habits.

Commission Structure

To explain our commission structure to future merchants, here are the details:

Commission Rates:

- 3.5% to 6% Based on Volume and Nature of Business: Merchants processing over 500 transactions per month qualify for a 3.5% commission rate. The rate may vary up to 6% depending on the specific business nature and transaction volume.

Eligibility Criteria:

- Transaction Volume: Must exceed 500 transactions per month.
- Business Nature: The rate adjustment considers the business type, potential risks, and overall transaction frequency.

Benefits to Merchants

For Retailers and Marketers:

- Build Brand Awareness: Gift cards serve as a tool to increase brand visibility.
- Customer Engagement: Promote customer loyalty and engagement through gift card programs.
- Sales Growth: Capture more sales during peak seasons such as holidays.

For Employees and Companies:

- Employee Rewards: Use gift cards to reward employees, fostering a positive work environment.
- Financial Accessibility: Offer a near-cash alternative, enhancing financial inclusivity.
